FLORENT HAJDARI

Front-end Developer | React & WordPress API

+47 930 77 286
contact@florent-hajdari.com
https://florent-hajdari.com

OBJECTIVE

I'm a Front-end Developer specializing in React and headless WordPress solutions, focused on building modern, responsive, and user-centered web applications. I aim to deliver clean, scalable code and intuitive user experiences while continuously improving my technical skills and contributing to impactful digital products.

I have experience working with REST APIs, WooCommerce integration, and building full UI systems using styled-components. I enjoy transforming design concepts into functional, high-quality interfaces and collaborating in team environments to deliver efficient and reliable solutions.

EDUCATION

Studied at Noroff - School of technology and digital media — 2019 - 2021
Oslo, Norway
Front-end Development

Diploma in Faculty of Civil Engineering and Architecture - University of Pristina — 2003 - 2011
Pristina, Kosovo
Bachelor of Civil Enginneering
